Additional information	<p>Under the point “education and training” I only added the latest important stations. There were different other practical trainings and important stations during my course of studies at the university and after that time at considerable companies. Please check out my homepage for further information.</p> <p>I was travelling for several times in France, Spain, Italy and other european countries. I visited european metropolises such as Hamburg, Berlin, Prague, Amsterdam, London, Paris, Madrid, Rome, Florence and many places more. Particularly it was my interest in the european history of arts and international</p>
------------------------	--

relationships in culture, that was going along with me on my journeys. My favorite author is Mark Twain. For me he is beginning and ending of american literature. My favorite hobbies are travelling, events, parties, music, sport (running, swimming, bicycling, badminton), games and social networking (Facebook, Twitter, etc.)

Mainz, 12.01.2016
